

Add or Subtract Fractions		Multiply or Divide Fractions	
<u>SET IT UP RIGHT!!!!!!</u> Common Denominator (Write as Equivalent Fractions)		<u>SET IT UP RIGHT!!!!!!</u> Improper Fraction Form (Write as Improper Fractions)	
<u>ADDITION</u> 1. Add the numerators	<u>SUBTRACTION</u> 1. Turn to an improper fraction	<u>MULTIPLICATION</u> 1. Cross cancel if you can	<u>DIVISION</u> 1. Invert the second fraction and change division sign to multiplication
2. Add the whole numbers	2. Subtract the numerators	2. Multiply the numerators	2. Cross cancel if you can
3. Keep the denominators	3. Keep the denominators	3. Multiply the denominators	3. Multiply the numerators
4. Reduce your answer (Turn improper fraction into whole number if you need to)	4. Reduce your answer (Turn improper fraction into whole number if you need to)	4. Reduce your answer	4. Multiply the denominators
			5. Reduce your answer

YOU CAN
DO IT!!!
